What we need from you

1. Product photos. Phone photos are perfectly fine
2. Your logo file, if you want it on screen
3. One sentence about the product and who buys it

About ten minutes of your time. Nothing to arrange, nowhere to go.

How payment works

Half up front, half once the video is in your hands.

The video is yours to keep and use on any channel, for as long as you like. No licence fees and no expiry.
